Coming Full Circle

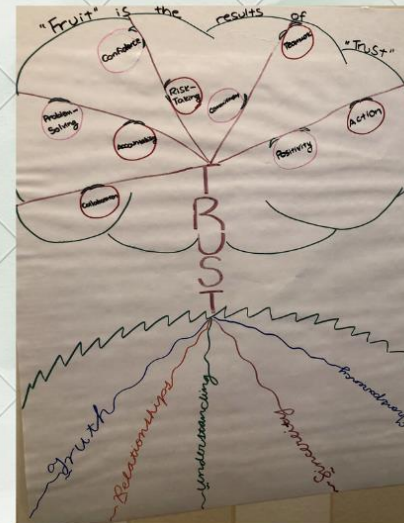

The BranchED Transformation Center Book of Qualities

Trust

Trust is like a tree. You send roots deep in the areas of Truth, Relationships, Understanding, Sincerity, and Transparency. These deep roots contribute to a strong trunk of trust and enables us to send out branches of commitment and encouragement and grow fruit like collaboration, productivity, risk-taking, commitment, and confidence. The tree offers shade and protection from the elements to support the hard and sometimes tiring work of transformation. When the winds of change blow the tree of trust stands firm.

BranchED Closing Circle

Speaking from the Heart, Listening with Respect

- The Significance of Circles
 - Circles are symbolic in many cultures and contexts
 - Circles represent equality, interconnectedness, and continuity
 - *Circle Talk* is built on the belief that every human being wants to be connected to others in a good way
 - Circles build community

BranchED Closing Circle

Go around the circle with each person saying one word (or phrase) representing:

- Something they learned here
- The attitude they are bringing to the transformation work
- Something they appreciated about themselves or others
- A song that represents how they are feeling now
- Some area of learning they hope to learn after this convening
