All About the Data Lyrics

Because you know we're all about that data
'Bout that data, mo data
We're all about that data, 'bout that data, mo data
We're all about that data, 'bout that data, mo data
We're all about that data, 'bout that data (data, data, data, data)
Yeah, it's pretty clear, I didn't input right
But we can fix it, fix it, like we're supposed to do
'Cause we got the figures that all the states crave
And all the right junk in all the right places
We see the excel (ah-ha) workin' our vis-u-a-l-s (ah-ha)
We know all this is real
Come on now, make it pop
If you got bad data (ah-ha), just clean it up
Till every bit of it is perfect from the bottom to the top
Yeah, my program chair told me my data was just alright (shoo-wop, wop)
(Sha-ooh-wop, wop)
She says, kudos for getting it submitted just in time
(That data, data, uh, that data, data)
So we'll go to the institute BranchED is putting on
(Sha-ooh-wop, wop)
If this is you too then just go ahead on and come along
Because you know We're all about that data
'Bout that data, mo data
We're all about that data, 'bout that data, mo data
We're all about that data, 'bout that data, mo data
We're all about that data, 'bout that data, hey
We're bringing data back
Go ahead and plan that data summit that
Will transform our programs and our courses – snap!
But We're here to tell you
Every inch of it is perfect from the bottom to the top
Because you know we're all about that data
'Bout that data, mo data
We're all about that data, 'bout that data, mo data
We're all about that data, 'bout that data, mo data
We're all about that data, 'bout that data (data, data, data, data)
