Once Upon a Summit: Telling the Story for Deeper Learning

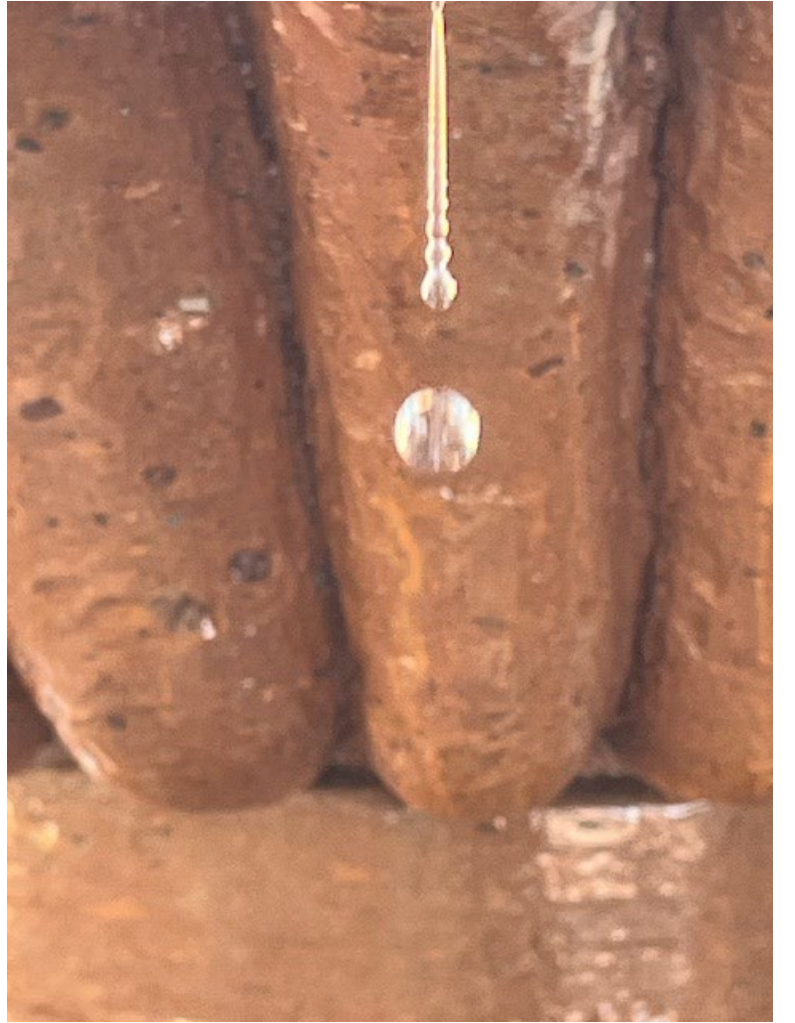

Fall Summit 2025

October 14, 2025

Help Keep Us (and You!) Safe and Healthy

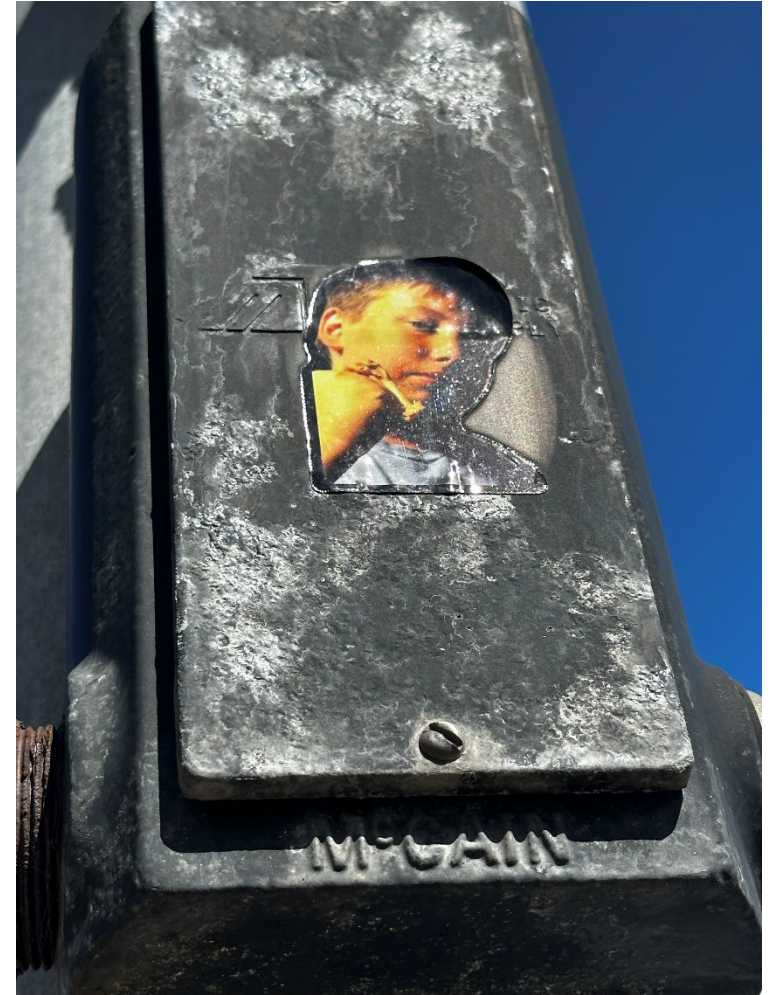

Our caretakers ensure we enjoy fresh fish twice daily. Please refrain from tossing coins, snacks, or other items into our habitat as they can harm us.

Photography is encouraged, but please stay behind barriers and in designated public areas. Selfie sticks must not extend over barriers. Selling or using photos of the seals for commercial purposes requires prior consent.

For your safety, please avoid standing on railings or fences as it may cause serious injury. Thank you for helping keep everyone safe!
